

1st Bahia Team Challenge Competition in Brazil, 12.02.2008 – 23.02.2008

Brazil has a rich and unique culture. It gathers immigrants of the whole planet. The result is a cheerful and open mind people. According to researches accomplished with foreign tourists that visited the Country, 97,2% intend to return soon.

Bahia is perhaps the Brazilian state with the largest number of tourist routes. It's really difficult to say which one is the more beautiful or attractive. There are many beaches, rivers, forests, canyons, waterfalls, caves and mountains that give to the tourist the possibility to do what he wants to have fun. Bahia is a paradise for golf players, since it gathers natural beauty, complete hotel infrastructure and excellent fields for the practice of the sport.

The golf has been increasing in Brazil and the Country has fields of international level spread in 12 states. There are fields that stand out for the beauty of the sceneries, for the good structure and for the diversified natural difficulties.

"1st Bahia Team Challenge" was drawn as a championship of teams with 8 players that follow an itinerary, travelling around the 04 best golf courses in Bahia / Brazil in the period from 12.02.2008 to 23.02.2008. They are 04 complete proofs with training and championship in each one of the courses.

"1st Bahia Team Challenge" will take place on the following golf courses: **Sauipe link, Iberostar Praia do Forte, Terravista GC and Comandatuba Ocean Course.**

It is certainly an inedited initiative and an extraordinary program for golf players.

GOLFCOURSES

Iberostar Praia do Forte GC

The Iberostar Praia do Forte Golf Club stretches over 6800 yards from the black tees. This demanding layout meanders through 1000 acres of Brazil's naturally formed sand dunes and has a spectacular 3 hole seaside finish on the Atlantic Ocean.

Foundation: 2007
Architect: P.B. Dye / USA
Course: 18 holes / Par 72 / max. 6800 Yards

Costa do Saunpe Golf Link

The Costa do Saunpe Golf Links is blessed with a spectacular site reminiscent of many of the finest seaside masterpieces. The site offers dramatic white sand dunes, breathtaking views of the beaches flanked by dense coconut grooves, lagoons and wealth of colorful and exotic vegetation. The goal has been to sensitively integrate all of these elements into a flowing sequence of memorable golf holes.

Foundation: 2000
Architect: Brian Costello / USA
Course: 18 holes / Par 72 / max. 6933 Yards

Terravista Golf

Situated on the southern coast of Bahia overlooking the colourful cliffs of Trancoso, Terravista harmoniously combines the region's natural contours, vegetation and landscape with a first rate golf course.

The front nine is played amidst the Atlantic Rainforest, with temperatures, humidity and landscape characteristic of this area. The back nine, in contrast, offers dazzling views of the beach with four of its holes perched high upon the ocean cliffs.

Foundation: 2004
Architect: Dan Blankenship / USA
Course: 18 holes / Par 72 / max. 7200 Yards

Comandatuba Ocean Course

The golf course is totally integrated with the natural landscape of the island, between the sea and the mangroves in an environment dominated by centenaries coconut trees, sand dunes, beautiful lagoons and native vegetation.

Not to mention about the rich local fauna of capuchin monkeys, birds, foxes, anteaters, and jupatis, which can at any time appear as unexpected obstacles.

Foundation: 2000
Architect: Dan Blankenship / USA
Course: 18 holes / Par 72 / max. 6928 Yards
